## Year 4 Newsletter – Friday 22<sup>nd</sup> March 2024

We've had a busy week again. In between taking assessments, the children celebrated Inspiring Scientist day and showcased some of their learning to all of you on Tuesday! Thank you to all who participated in the time table chanting!

**Science:** We've had a lot of Science this week! We learnt about Donald Palma's research into how the immune system responds to disease. We conducted an experiment to investigate how many droplets of bogeys there are in a sneeze! In our Chemistry learning, we worked on our writing of a clear, scientific prediction based on melting...

**Maths:** This week, we have been continued with decimals. We've been comparing them to our recent learning on fractions, and beginning to place tenths and hundredths on a number line – as well as other representations.

**English:** This week we have continued our Roman narrative: crafting and drafting our plot to keep the reader on their toes. We have focused on the skill of speech and the rules to do this correctly. Next week we will publish these. In reading, we have continued reading Podkin One Ear, working on a range of retrieval and inference skills.

**PE:** Our PE days remain on a Tuesday (indoor) and Thursday (outdoor). Children can come to school on these days in their usual PE kit: plain white t-shirt, dark shorts/bottoms, dark hoodie and suitable trainers.

### **Home Reading and Homework**

Please can you ensure your child's reading record is signed and they are logging any reading at home. All homework will continue to be sent home on a Thursday, and is due in the following Thursday. Your child can bring this back on any day throughout the week.
