

# **Robin Hood Primary School**

## **Year 3 Newsletter – Friday 19th April 2024**

### **Home Learning:**

This week the children have received home learning involving adding fractions and using our 'n' spelling sound with the code: 'kn'. There are also some comprehension questions to develop their VIPER skills. We want Home Learning to be a positive experience. So, if it's more appropriate to discuss the questions with your child, and you write what they say then please do. With regards to spellings, they can just write the word.

### **Year 3 Book Look.:**

Tuesday 30<sup>th</sup> April is Year 3's Book Look. This will take place in your child's classroom from 2:45pm – 3:15pm. This is a great opportunity for you to see what your child has been learning in all subjects. All are welcome.

### **English:**

Next week, we will start to write a description of the setting in Iron Man, using expanded noun phrases and fronted adverbials. We will also focus on tenses, ensuring our narrative is written in the past tense.

### **Maths:**

Next week, we will use our skills of adding and subtracting to help us partition a whole, e.g.  $\frac{1}{7} + \frac{6}{7} = \frac{7}{7} = 1$ . We will also find fractions of amounts.

### **Science:**

Next week, we will learn about friction and what causes it. We will conduct an experiment to see which surface allows a car to move faster and understand why that is.
