

# **Robin Hood Primary School**

## **Year 3 Newsletter – Friday 26<sup>th</sup> April 2024**

### **Home Learning:**

This week the children have received home learning involving fractions and using our 'r' spelling sound with the code: 'rh'. There are also some comprehension questions to develop their VIPER skills. We want Home Learning to be a positive experience. So, if it's more appropriate to discuss the questions with your child, and you write what they say then please do. With regards to spellings, they can just write the word.

### **Year 3 Book Look.:**

Tuesday 30<sup>th</sup> April is Year 3's Book Look. This will take place in your child's classroom from 2:45 – 3:15pm. This is a great opportunity for you to see what your child has been learning in all subjects. All are welcome. The children will be collected from their usual door.

### **English:**

Next week, we will start to plan our Iron Man story, using expanded noun phrases and fronted adverbials. We will also focus on tenses, ensuring our narrative is written in the past tense.

### **Maths:**

Next week, we will start our unit on Length and Perimeter. We will measure in millimetres, centimetres and metres and convert between the three. We will compare and find equivalent measurements.

### **Science:**

Next week, we will learn about the poles on a magnet. We will learn what magnetism is and why poles attract and repel. We will also explore magnetic and non-magnetic materials.
