

# **Robin Hood Primary School**

## **Year 5 Newsletter – Friday 3<sup>rd</sup> May 2024**

### **Maths**

Big week in maths this week, the children have learned how to use a protractor and have been measuring all different kinds of angles with them.

### **English**

Our Non Chronological Report about Pandora continues. The children have been using some amazing vocabulary, and have really been focussing on those key grammar skills which bring their writing to life.

### **Science**

This week we learned about the different types of plastic and looked at examples of each. We talked about properties of the different types as well as learning about why plastic was invented.

### **Swimming – Important**

This week was 5SW's last swimming session. From next week (9<sup>th</sup> May) only children who have not yet met the objective for Swimming, or have missed weeks, will be invited back. If this is your child, they will be bringing a letter home with them today with more information on.

### **Dates to Note**

2:45 – 3:15pm – 9<sup>th</sup> May – Year 5 book look – come into our classrooms and have a nosey through your child's amazing work!

Mrs Westwood and Miss Caine
