

Robin Hood Primary School

Year 4 Newsletter – Friday 12th November 2021

This week, the children in Year 4 have finished drafting their non-chronological reports about teeth and digestion to showcase all that they have learnt in Science this year. They will publish these into beautiful double page spreads next week. They have also learned about how sound can be changed from high to low pitch in Science, completed fitness drills in outdoor PE and measured in centimetres and millimetres in Maths.

Home reading: This year, all children will record their reading on our new virtual reading log: Go Read. This can be accessed via any device, which allows access to the internet, including mobile phones. **All children are expected to log a minimum of four entries each week.** Please check your child's planner for their Go Read log in details. For support, please speak to your child's class teacher or watch this video:

<https://www.youtube.com/watch?v=4HWKnR6PIC8>

Thank you for your support with this.

Google Classroom: Please continue to use the Google Classroom page as usual for any key information and to view any learning shared. We will continue to add home learning tasks on here as well as sending home a paper copy.

PE

Our PE days are on a Monday (outdoor) and Thursday (indoor). Children can come to school on these days in their usual PE kit: plain white t-shirt, dark shorts/bottoms, dark hoodie and suitable trainers. Please provide a coat for outdoor PE too!

Maths: This week, we have applied our calculation skills to adding and subtracting different measures of length. Next week, we will work on finding the perimeter of different rectilinear shapes on grids and by measuring and calculating.

English: This week, we have drafted our paragraphs for our non-chronological reports about teeth and digestion. Next week, we will publish them into double page spreads before we begin our new unit about Captain Scott and his expedition to the South Pole.

Homework: This week's homework task and spelling activity have been shared on Google Classroom. Spelling will revisit the –ssion spellings from last half term to further secure this pattern in our work. The homework task links to our learning this week for Maths and English.

DT: Our DT unit will develop our textiles skills this half term. To support us with this, we would love the children to bring in an old t-shirt or other item that they can use to practise their sewing techniques on before we work on our final product. Thank you for your support with this.
