

Robin Hood Primary School

Year 3 Newsletter – Friday 20th May 2022

This week in history, children have enjoyed learning about the Lofthouse Colliery Heritage Trail and its past. In English, children have taken inspiration from the RSPB and St Aidan's nature reserve to write their own Kenning poem about birds. In maths, children have learned how to add and subtract fractions. In science, we have looked at the importance and role of a plant stem.

Oxford Reading Buddy: Just a kind request to support your children with reading at home. The books are in line with your child's reading attainment. Books with a red symbol are coaching books and guide your child through the text before a quiz. Quizzes are based on skills that we focus on in class - VIPERS (Vocabulary, Inference, Prediction, Explanation, Retrieval, and Summary). We have started a reading competition at school where individuals and classes can win prizes for their engagement using Oxford Reading Buddy.

Spellings: Pupils have received new spelling homework. This week, we have learnt about statutory words.

Homework: This week, homework concentrates on arithmetic and on spelling, punctuation and grammar.

Thank you for all your support and have a great weekend.

The Year 3 Team.
