

Robin Hood Primary School

Year 3 Newsletter – Friday 8th March 2024

Home Learning: We have made multiplication links with division and multiplication by recognising fact families so we have added more practice to this week's home learning. spelling sound 'or' with the codes: oar and oor. There are also some comprehension questions to develop their VIPER skills. We want Home Learning to be a positive experience. So, if it's more appropriate to discuss the questions with your child, and you write what they say then please do. With regards to spellings, they can just write the word.

PE: Indoor P.E is on a Wednesday and Outdoor P.E is on a Friday. Please remember that P.E kits should be plain, with no football tops or clothing with branding. Even in the colder weather, we will be going outside so please make sure your children are dressed appropriately.

Maths: We started our fractions week with some pre-teaching ready to moving onto ordering and comparing unit fractions.

Fraction Mash

Khan Academy

English: For International Women's Day, children will have chance to apply their biography writing to an inspirational woman. They will choose to write about Greta Thunburg, Nadia Nadim or Mala. You can use Kiddle, a children friendly search engine, to help research about their chosen women at home.
