Safeguarding – Keeping Children Healthy and Safe from Harm

In this letter we would like to share with you school policies and practices with regards to ensuring that children are taught and encouraged to live healthy lifestyles and adopt safe practices.

School policies are in place to ensure that there is a consistent approach to practices throughout the school and that they are adhered to by staff, governors and volunteers. Adults have a tremendous impact on young children and with this in mind adults at Robin Hood:

- are good role models for children
- enjoy their work and working with children
- are conscientious and hard-working
- welcome to support visitors to school
- recognise and value strengths in each other and use these to support everyone
- work within that agreed policies of the school
- promote a happy, caring and safe school
- encourage children to think for themselves, ask questions and find answers
- create an environment of trust whereby children are trusted to work seriously
- challenge and support children in their learning.

There are numerous policies in place to safeguard our children and they include:

Child Protection – this is sensitive area in which all staff receive regular training. Here, school and other services for children and families all work together to support the needs of children. There is also a named governor for child protection. The child protection policy can be viewed by parents on request.

Attendance – children's attendance at school is monitored on a daily basis and notable absences or patterns of absences are followed up by the parental involvement officer and in more serious cases the Attendance Strategy Team. The school prides itself on its very good attendance figures.

Behaviour – high standards of behaviour are expected in school. However, as we all know children do fall out from time to time. Where this is the case dealt with sensitively by an adult who gives both children time to explain what the problems is and helps the issue to be resolved. Children are often reminded about our school rules and they know that we have them in order for everyone to be happy and keep safe.

Health and safety - everyone here at Robin Hood knows they have a responsibility to ensure children and adults are able to work in a healthy and safe environment. The school has several fully trained paediatric first aid members of staff who deal with accidents should they occur.

Curriculum – through the planned curriculum we ensure that the issues of healthy eating, physical exercise and safety are taught. This aspect is enhanced by the many visitors to school, e.g. police officers who talk to the children about issues such as road safety, safe people and drugs awareness for children in year 2.

Safer recruitment and selection – this aspect is taken very seriously. Governors and the school ensure that all staff new to the school and volunteers who work in school on a regular basis undertake a CRB check and full references and acquired before the person takes up post.
